My name is Eva Liljekvist - Borg and I am living in the south of Sweden and I have been breeder of Giant schnauzer, German Shepard and Mini Schnauzer together with my husband for 25 years under the kennel prefix Gebories. Since some years I stopped breeding because I today live alone so I don't have much time to breed any more.

I have also been working as a director of social welfare and schools in the municipality many years, but since some months I

stopped working and now I enjoying the life of traveling a lot judging all over the world.

My first dogs was Mini Pinscher and Springer Spaniel and as a young girl I worked as a kennelhelp in a kennel breeding Greyhounds, schnauzers and German shepherds.

We started our own kennel in 1978.

I am a certified judge since 1991 and me and my husband was during this time very successful breeder mostly with our mini schnauzer's p/s.

We were awarded breeder of the year in Sweden in 1989.

I have in many years also together with my family worked with boarding and grooming. I am judge for about 260 breeds, group all-rounder in group 1, 2, 4,7,8, 9 and 10. I am also authorised in many breeds in group 3, 5 and 6 and looking forward to be an all round judge this year (2017)

Today I only have two dogs at my house, of course schnauzers
